

WARMER BULLETIN No. 39 2008-09-26

Europe - conference papers on EU waste policy available

At the recent annual conference of FEAD (European Federation of Waste Management and Environmental Services) on the future challenges for the European waste management industry, discussions focussed on the Industrial Emissions Directive, the Waste Framework Directive, fair competition between the public and private sector as well as sustainable waste management. Keynote speakers included MEP Caroline Jackson, MEP Holger Kraemer, as well as Commission's representatives Dimitri Giotakos from Commissioner Dimas' cabinet, Marianne Wenning on IPPC, Karolina Fras on the WFD and Florian Ermacora from DG Internal Market.

All the presentations are available from FEAD's website at:

<http://www.fead.be/index.php?page=paris-2008>

Or we can send you copies, on request.
